DG1

DetectaGas® 250 ml smoke in a can

General

The DG1 DetectaGas® 250ml CO is designed for testing ceiling mounted fire detecting CO alarms and designed to be compatible with all pole delivery devices.

The trigger point for fire detecting CO alarms is very low compared to domestic CO alarms and instant rather than delayed. The level of CO in the DG1 is therefore very low and not suitable for testing domestic CO alarms.

Details

- Supplied in 250ml canisters
- Non flammable
- Easily recyclable tin can (not Aluminium)

DG1

DetectaGas® 250 ml smoke in a can

Technical specifications

Physical

Physical dimensions	147 x 36 mm (h x w)
Net weight	86 g
Material	Tin
Aerosol colour	Colourless
Form factor	250 ml canister

Environmental

Vandal proof	No
Operating temperature	≤ 50°C / 122°F
Storage temperature	≤ 50°C / 122°F

Regulatory

Compliancy	CE, REACH, RoHS 3, WEEE

SKU Info

Product brand	GasSafe

Compatible products

Category	Reference	Description
Test Equipment	DH1	DetectaHead® aerosol dispenser
